

Summer 2025 1st Half Term – Year 3

We hope that you have had a lovely spring break. Thank you for your amazing Easter bonnet creations last half term. We are excited to welcome the children back to our Summer term. This half term we have lots of fun learning planned from looking at the Thames River, plants and coding on Scratch. We are planning a trip to Runnymede to tie into this term's history topic. A date has not yet been set but it is likely to take place next term and we will share more information closer to the date. Our My Happy Mind focus this half term will be relate – a focus on how you can develop positive relationships with other people.

PE days: Monday– Heather

Monday and Thursday – Sundew

English

- ★ **Writing** – the children will start reading 'Outlaw' by Michael Morpurgo, which is linked to our topic this term: 'Love the local life you live'. They will be focussing on creative writing in the context of retellings, debates and formal letter writing.
- ★ **Reading**- In order to keep up the amazing success with reading badges, or help your child work towards one, please ensure you are hearing your child read at least four times a week and signing the calendar in their reading diaries. Even confident readers should continue to read aloud to an adult.
- ★ **Spellings** – your child will continue to work through their spelling wall with additional topical vocabulary.

Maths

- ★ **Time, Geometry, statistics and measurement**
We will start the term delving into time telling and using this within the context of word problems. The children will be investigating measurement of distance, and mass. They will be looking at fractions of measure and practising column addition and subtraction in this context. We will then look at geometry and build on their knowledge of properties of shape including classifying angles.
- ★ **1- minute maths**
We will be continuing the daily practice of times tables and number bonds to help boost the children's fluency. We are encouraging the children to record the time they have taken to answer the questions as well as their score to give them a measure of their success. Please use TTR at home as often as possible.

Foundation Subject focus areas

- ★ **Geography:**
Windsor, the River Thames, Runnymede-On-Thames and surrounding areas, land-use and sustainability.
- ★ **Computing:**
Scratch and computing systems - emails
- ★ **RE:**
Christianity
