

Part B: Review of the 2024/25

Outcomes for disadvantaged pupils

All Reception pupils have made good progress in Speaking and Listening across the year.

83% of disadvantaged pupils achieved the Early Learning Goals in 'Communication and Language' and 'Reading Comprehension'

Early phonics continues to be an area of focus. A small number of disadvantaged pupils did not achieve the Year 1 phonics threshold score. Teachers are aware of the barriers that have impacted on this learning. The children will be supported through daily mastery teaching next year so that they quickly make up this gap and continue to be able to access the Year 2 English programme. Year 2 children who retook the check have all made progress from last year's scores. Any children who have not yet achieved the threshold will receive ongoing targeted phonics teaching in KS2.

Maths mastery has had a particularly positive impact on pupil outcomes in maths across the school.

All disadvantaged pupils who have needed additional SEMH support have received out of class targeted intervention either delivered one-to-one or in a small group. This equates to 40% of PPG children. They have also benefited from in class catch-ups and support from our emotional wellbeing first aider. Qualitative feedback from classroom based staff indicate that this has had a beneficial impact on the children's resilience, self-esteem and readiness to learn. Lower disruption from these children has also impacted positively on the rest of the classes.

All disadvantaged pupils have been offered free after school clubs this year.

63% of pupils have taken up this offer.

34% of disadvantaged pupils have regularly taken up funded breakfast club places or been given a breakfast once they have arrived at school this year.

School have covered the shortfall costs for the following events: (where PPG families have not been able to cover the pupil contribution)

- Christmas pantomime performance
- Summer classic theatre performance
- Christmas & summer parties
- KS2 Runnymede trip & boatrike
- KSI Animal Farm visit
- Year 4 leavers' hoodies & sleepover event

Pupils have been given free uniform items as needed. This includes both pre-loved items from the PTA shop and new items including school shoes.
